I've never seen anyone like her

She took her man and split him in two
Without Even shedding one tear
She don't give a dam about all of those years
She's gone and left them there all alone

To Live her life... In the Danger Zone

Danger Zone ...yeah yeah
The Danger Zone

I've never seen a woman look like she does
She could kill a man with just one glance
And when she walks on down the street

Every guy she meets ..
Is in the Danger Zone
Danger zone

I've never seen anyone like her
She took her man and split him in two
Without Even shedding a tear
She don't give a dam about her home

She's... living her life... In the Danger zone
In the Danger zone.... Yo yo yo oh
She's in the Danger Zone .. yeah yeah yeah

In the Danger zone.... She's all alone.
