If I take a walk.. Inside of my head
These Visions I see...are running through my brain

I have these thoughts... I can't understand
And now I see ... What is right for me

When I look inside.. I'm running out of time.
These Visions I see.. I'm frozen in time.

(Spoken words)
These Visions I see
That are running through My Brain
Leave Me frozen in time
Looking back at life as it used to be

When I take a walk.. Inside of my head
Visions of things...are running through my brain

I have these thoughts... I can understand them now
And now I see ... What is right for me
