**She is a plastic girl
She is my plastic girl**

**Living in her plastic world
She is a plastic girl
Little girls always want to play
Dress her up then put her away
She is my plastic girl
Living in her plastic world
She is a plastic girl**

She is my plastic girl

**Barbie was a Biker babe
Long blonde hair and leathers too
She has a butterfly
Right where you like it too
She is my plastic girl
Living in her plastic world
She is a plastic girl**

She is my plastic girl

**the media they rocked her world
Yeah... My little plastic girl
They took her down..off from her shelf
Said she didn't fit into this world anymore
Now she's gone and they took her away
Yeah my little plastic girl
Living in her plastic world**

Yeah ...she's my plastic girl

**She's my plastic girl
In a Plastic world
In a plastic, plastic, plastic world**
